ICESHU4
Test Case Definitions

Test Case ID: ICESHU4-TC1	Test Description: The actor should be able to register to the system
Test Name: Register	Test Designed by: Umut Güngör
Use Case Tested: Register	Test Designed Date: 07/04/2023
Test Priority (Low/Medium/High): High	Test Executed by: Mustafa Çağrı Korkmaz
Module Name: Register Page	Test Execution Date: 01/06/2023

Pre-conditions: The actor should not be registered to the system.
Dependencies: Internet connection.

Step	Test Steps	Test Data	Expected Results	Actual Results	Notes	Status P	F
1	Enter an invalid email	1	The system should not allow registration.	The system does not allow registration.			
2	Enter an existing email	2	The system should not allow registration.	The system does not allow registration.			
3	Enter a valid email	3	The system should allow registration.	The system allows registration.			

Test Data Table					
	1	2	3	4	5
Email	umutghotmail.com	umutg@hotmail.com	umutg@outlook.com		
Password	password	password	password		

Post-conditions: The system should give a message that shows the actor is registered successfully.

Test Case ID: ICESHU4-TC2				Test Description: The actor should be able to login to the system.				
Test Name: Login				**Test Designed by: Umut Güngör**				
Use Case Tested: Login				**Test Designed Date: 07/04/2023**				
Test Priority (Low/Medium/High): High				**Test Executed by: Mustafa Çağrı Korkmaz**				
Module Name: Login Page				**Test Execution Date: 01/06/2023**				
Pre-conditions:								
Dependencies: Internet connection								
Step	**Test Steps**	**Test Data**	**Expected Results**	**Actual Results**	**Notes**	**Status**		
						P	**F**	
1	Enter an unregistered email	1	The system should not allow the actor to login.	The system does not allow the actor to login.				
2	Enter a registered email but not valid password	2	The system should not allow the actor to login.	The system does not allow the actor to login.				
3	Enter a registered email and valid password	3	The system should allow the actor to login.	The system allows the actor to login.				
4

Password	password	asd		password				
Post-conditions: The system should direct the actor to the main page.								

Test Case ID: ICESHU4-TC3				Test Description: Actor should be able to logout from the system.				
Test Name: Logout				Test Designed by: Mustafa Çağrı Korkmaz				
Use Case Tested: Logout				Test Designed Date: 01/06/2023				
Test Priority (Low/Medium/High): High				Test Executed by: Mustafa Çağrı Korkmaz				
Module Name: -				Test Execution Date: 01/06/2023				
Pre-conditions: The actor should be registered to the system.								
Dependencies: Internet connection								
Step	Test Steps	Test Data	Expected Results	Actual Results	Notes	Status		
						P		F
1	Click on the logout button		The system should allow the actor to logout.	The system allows the actor to logout.				
Test Data Table								
	1		2		3		4	5
Post-conditions: The system should direct the actor to the main page.								

ICESHU4	Version 1.0
System Test Case Definitions	Date: 02/06/2023

Test Case ID: ICESHU4-TC4	Test Description: The actor should be able to recover his/her password.
Test Name: Password recovery	**Test Designed by: Mustafa Çağrı Korkmaz**
Use Case Tested: Password recovery	**Test Designed Date: 01/06/2023**
Test Priority (Low/Medium/High): High	**Test Executed by: Mustafa Çağrı Korkmaz**
Module Name: Password Recovery Page	**Test Execution Date: 01/06/2023**

Pre-conditions: The actor should be registered to the system.

Dependencies: Internet connection

Step	Test Steps	Test Data	Expected Results	Actual Results	Notes	Status	
						P	**F**
1	Enter a wrong email	1	The system should not send the password recovery mail to the actor	The system does not send the password recovery mail to the actor			
2	Enter a correct email	2	The system should send an email to the actor and change the password	The system send an email to the actor and changes the password			

Test Data Table					
	1	**2**	**3**	**4**	**5**
Email	asd@hotmail.com	cagrikorkmaz@gmail.com			

Post-conditions: The system should give a message that shows the actor's password is changed successfully.

Test Case ID: ICESHU4-TC5				Test Description: Actor should be able to view his/her account information.				
Test Name: Personal Account View				Test Designed by:Mustafa Çağrı Korkmaz				
Use Case Tested: Personal Account View				Test Designed Date: 01/06/2023				
Test Priority (Low/Medium/High): Medium				Test Executed by: Mustafa Çağrı Korkmaz				
Module Name: View Personal Information Page				Test Execution Date: 01/06/2023				
Pre-conditions: The actor should be logged into the system.								
Dependencies: Internet Connection								
Step	Test Steps	Test Data	Expected Results	Actual Results	Notes	Status
